

GREAT BEAM

SOLID OAK BEAMS FOR STOVES

Great Beams are cut from the heart of the oak log and therefore reveal lots of character including knots, splits and shakes. Every beam is unique. Skilful workmanship further enhances the beam with progressive levels of ageing (Rustic, Dressed, Aged and Extremely Aged). Each beam is then beautifully finished with your choice of colour. Please Note: Great Beams are made from Air-dried Oak and are not available in Prime Oak or Pine.
